

WHY YOU SHOULD CONSIDER INVESTING IN A TAX-DEFERRED ANNUITY

With the current uncertainty in the stock market and with banks offering low yields on certificates of deposit, annuities are a wise choice. When you compare the features of five popular investment alternatives for your money, your best choice today is a tax-deferred annuity. The chart below illustrates seven benefits which no other single investment can match. Now is the time to take a closer look at this wonderful investment opportunity.
